

Reception Newsletter

Hello Children! Hope you are all well and had a lovely week off last week with your families. Did you get up to anything new? Did you go for a walk to somewhere you haven't been before or did you learn to play some new games at home? We cannot wait to hear all about what you have been up to. Did you remember to complete any acts of kindness? It is always kind to show our loved ones how much we care but even more so at the moment. Don't forget to let us know what you have done. We love hearing from you!

Home Learning

Please see the weekly Home Learning plan alongside the newsletter for this week's project 'Around the World.' No-one is allowed to go on holiday or visit other countries at the moment but we have lots of other ways to find out about things. Do you remember how we found out about Space and different bears? Can you use some of those resources to find out about different countries? Think about where you have been before or maybe where some of your friends or family live.

Please remember, you don't have to complete every activity, every day. Please do as much or as little as you wish.

World Environment Day

Friday 5th June is World Environment Day which links nicely with next week's home learning topic. Have a look at *expresso* for some fun activities you could do at home or on the following link.

<https://www.persil.com/uk/sustainability/sustainability-for-kids/world-environment-day-activities-for-kids.html>

Online Safety

As we are using the internet more and more, especially at the moment, please be aware of the importance of staying safe online. This is something we cover regularly in school but if you would like to remind your child of its importance, please take a look at the following website. The children have met Smartie the penguin before.

<https://www.childnet.com/resources/smartie-the-penguin>

We also have access to *Espresso* resources, which also have a whole section on Online Safety suitable for all EYFS/KS1/KS2 children.
