

Year 6 Newsletter – W.C. 11TH May 2020

Hi everyone. We hope you have had a good week since our last newsletter. We know lots of you have been learning and working hard with work on the various websites. **Purple Mash** has given us all a platform to share some lovely work and to communicate with you to give you some feedback. So keep this up; we love it.

Did you see the VE Day commemorations last Friday? It was very moving but also very important to mark this significant event in our nation's history and indeed in some of your family's history too. The two-minute silence gave us a chance to reflect upon the sacrifice of soldiers as well as civilians in World War II so we hope you managed to mark this occasion at home with your family too.

Google Internet Legends

As you know, your online safety is really important. We know that you are aware of how to keep yourself safe online and how to behave online so we hope you are being mindful of this. **Google Internet Legends** is a programme that you have used before with us to reinforce how to be safe online. There is a **Parent Zone** that we would like to signpost to your parents/carers and the information below.

Be Internet Legends is a programme developed by Google and Parent Zone to teach children the skills that they need to be safe and confident online. We are aware that children may be online more at the moment so these free online safety resources that have been released by Google should provide useful reminders about the skills needed to be safe and confident online. Your involvement in reinforcing online safety messages at home will help your child become more confident when exploring the online world.

This hyperlink will take you to the free resources: [Google Internet Legends online safety resources](#)

Scroll down and click on '**Download parent resources**'. At the bottom the page, there is a PDF document that has lots of activity ideas based on the online safety messages that we teach at school. The activities are fun, free and will really help to keep the internet a positive place during this time. Enjoy!

That's all from us this week. Here's a joke though as we sign off:

Q. Why did Luke Skywalker always sleep with the light on?
A. He was afraid of the Darth.

Sorry! That's as bad as Mr Morrissey's jokes isn't it! (Ssh don't tell him that!)

The Year 6 Team.
