

Year 6 Newsletter – w.b 18.5.20

Hi all!

We hope you are all doing well and that you enjoyed last week's VE Day celebrations. As always, we have loved seeing what your children are doing via Purple Mash and we saw some great work last week.

We particularly enjoyed reading the rainforest descriptions and were impressed by the children's use of descriptive language. Common feedback that we are giving to children is to check their use of punctuation. Please could you remind children of how to use the SHIFT (up arrow) key to form capital letters on their devices? This would mean that our feedback can focus on other points in their writing.

Last week, a reminder was sent out about the Year 6 hoodies. The deadline for ordering hoodies has now passed and Laura Guy, head of the Friends, has sent off the orders. Thank you, Laura for organising this and hopefully we should see the hoodies arriving as soon as possible.

In last week's newsletter, we mentioned the yearbook, which is produced each year for Year 6 children. We asked children to start thinking about their favourite memories and gave instructions on what to include. As you know, we may be back in school soon, so there is no need at this stage to email memories to us. If this changes, we will inform you.

We hope you enjoy this week's learning theme on 'Famous & Significant People' and look forward to seeing the work that your children produce. Also, thank you for your continued support and positive comments about the weekly home learning that we provide. It is very much appreciated! A number of children are asking us if we are well in their comments when submitting their work (or via the class blogs). Please reassure them that we are safe and well and that we very much look forward to seeing them again soon.

Kindest regards,

Miss Stanley, Mrs McGowan, Mrs Jordan, Mrs Melrose & Mrs Diskin 😊
