

Miss Stanley

Darwin (Year 6)

Hello!

My face won't be new to many of you because I taught you in Year 3. How lucky that I get to teach you again! For those who know nothing about me, here are some things to know:

I LOVE English

I have two children - Charlie & Harry

I like to learn new things, so I read a lot and like to travel to different countries

I'm terrified of moths!

Something to look forward to in Year 6...

Year 6 is great fun! You can choose to take on a role in school, such as a house captain, play leader, librarian, door monitor etc. What could be better than being a role model for the younger children?

Learning is fun! - We do lots of great work in Year 6, such as creating volcanoes, cooking WW2 biscuits, building biomes, making blood & celebrating our own VE Day.

I enjoy teaching because...

Teaching is all I ever wanted to do. I wanted to be a teacher from the age of 5 and would often teach my teddies at home. Now, I'm lucky to be a real teacher with a class of real children. I love that each day is different and that there is always a lot to smile about. I love seeing how children grow throughout a year and become ready for Year 7.

My top tips for Year 6...

- 'With great power comes great responsibility' - The rest of the school look up to you so use your power wisely.
- Don't worry about SATS - they are a very small part of what we do.
- Have fun! This is your last year of primary school so make it count.
- We want you to leave Year 6 ready for Year 7, so you will need to be more independent. Use your homework diary to help you organise yourself.
