

Name: Mrs Adams

I work in year 5 this year

About me...

I love walking especially with my dog and spending time in my garden.

Swimming has always been a favourite exercise of mine and as well as working in school I teach swimming: some of you or your brothers /sisters may have been taught by me.

What makes year 5 great....

Year 5 cover lots of different topics and get to enjoy fantastic trips.

As you move into upper school, you may take on more responsibilities such as House Captains, Monitors and Librarians.

Why I love working in school...

I look forward to seeing all your smiley faces - watching you grow from year 3 - usually ending up taller than me in year 6!

I'm here to help you with ...

... anything - just ask!

I love maths but I especially love PE and games.
