

Name: Miss Jones

Class: Curie (Year 4)

I am new to St Alphege Junior School, I am so excited to be joining a great community of children and staff! I love all things Disney and love to sing all the songs from the films so you will be sure to hear these from my classroom. I also have a pet dog named Harvey and he is a Cavachon. He loves walks in the local countryside and enjoys eating treats. He is a 'Pets as Therapy' dog so can also visit schools, care homes and hospitals.

### Let's get excited about September!

I am especially looking forward to meeting my class and getting to know everyone as individuals. I am sure that we are going to learn so much from each other over the next year and be a super, friendly team!

We also have some really exciting topics in Year 4 which I'm sure we will all enjoy learning about together!

### I enjoy teaching because...

- Every day is different!
- As teachers, we get to meet the children who will change the future and learn about all their dreams.
- I love seeing how proud children are of their achievements and we celebrate this together as a school.
- We can learn so much from others.

### My top tips for Year 4...

- Be proud of yourself and always have a positive attitude towards learning.
- Be prepared to learn! Make sure you have everything you need in school ready.
- Always try your best and have a go. We are on this journey together and your teachers want you to do your best.
- Be kind, respectful and have fun!
