

Name: Miss Knowles

Class: Anning (Year 3)

(Wednesday, Thursday, Friday)

About me

Hi all, I'm Miss Knowles. I joined the team at St Alphege in January and I absolutely love my job here! I enjoy going on long walks in the country side with my pet dog Pippa.

During the school holidays, I spend most of my time travelling new places and going on holiday so I will have lots of stories for you.

My favourite subjects are History and Geography.

Let's get excited about September!

We teach many exciting topics in Year 3 including; World Explorer, The Flintstones (Stone Age - Iron Age), Transport and Extreme Survival.

We have a Phiz Lab for Science lessons where there are many resources and lots of space so you can really enjoy Science experiments with your class mates. We also have a new nature area so you can look forward to doing some of your learning outdoors!

Our Junior School have a 'house' system based on four Saints (Aidan, Alban, Bede, Columba) and you gain house points for excellent work and behaviour.

I enjoy teaching because...

- Every day is different!
- Children always brighten my day and I love getting to hear about the hobbies and interests of the children in my class.
- I love seeing pupils be proud of their work and achievements.
- I love planning interesting lessons using lots of exciting equipment.
- *It is the most rewarding job of all!*

My top tips for Year 3...

- Try your hardest, even when things get tricky, that will always be good enough!
- Be organised - try to have all your equipment for the day.
- Be a role model to others by following our school values and rules - *Ready, Respectful, Safe!*
- Take part in different clubs if you can.
- Be kind, forgiving and honest 😊

We will learn, have fun and be the best team we can! 😊
